ABOUT THE EXHIBITION

Art with a Purpose

"Echoes of the Warming World" is not just an art exhibition – it's a powerful statement against climate change. Each artwork reflects the personal perspective of an artist on global warming, environmental destruction, and the urgent need for change.

Who are the Artists?

This collection is created by talented artists who are physically or mentally challenged. Their art speaks volumes about resilience—not just against their personal struggles but against the planet's crisis.

Why This Exhibition Matters?

- ♦ Raises **awareness** about climate change through artistic expression.
- ♦ Showcases **underrated talents** of differently-abled artists.
- ♦ Supports a **global cause** by funding sustainability projects through art sales.

How It Works?

- ♦ **Art Exhibition & Auction** – Selected artworks will be showcased at **various global platforms (online & offline)**.
- ♦ **Buyers can participate in auctions** to own meaningful art & support a cause.
- ♦ **Funds generated** will be used for environmental conservation and artist empowerment.

EVENT HIGHLIGHTS & FUTURE EXHIBITIONS

Event Highlights

- ♦ Over **50+ exclusive artworks** on climate change themes.
- ♦ Live painting sessions & artist interactions.
- ♦ Special panel discussions on **art, climate action, & inclusivity**.
- ♦ Collaborations with **environmental organizations & global art communities**.

Upcoming International Exhibitions

The exhibition will travel across **Europe, the Middle East, Asia, and North America** with both physical and virtual showcases. Stay updated on **www.echoesoww.com** for schedules.
